

Hand Papermaking Workshop

School for Bookbinding Arts

at Cat Tail Run Hand Bookbinding

LET'S DIG OUR HANDS IN THE PULP AND MAKE SOME PAPER!

Look at all the fun these people are having sweating it out in an 18th-century paper mill. You can do this, too.

This class is a must for anyone interested in art, bookbinding, or paper.

Artists: Produce your own paper for projects.

Bookbinders: Gain understanding of an essential material. After this class you'll be better able to use paper in bookbinding and restoration projects.

Everyone else: Become an artist and a bookbinder.

The course includes full sets of printed handouts so you will always know how to make paper.

After taking the papermaking class, you will impress your friends, neighbors, and complete strangers by using words like *mould and deckle*, *couching*, (pronounced "kooching") *post*, *abaca*, *pulling*, *inclusions*, and countless other terms of art in papermaking.

October 5 - 6, 2017
